Forecast For Dumfries, Galloway, Lothian & Borders
Issued by Met Office Aberdeen
at 0400 on Thursday 15 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Long spells of very warm sunshine.

Today:
Any early cloud soon clearing then a dry day with long spells of unbroken sunshine. With light winds it will feel very warm in the sunshine. Maximum temperature 25 deg C (77 deg F).

Tonight:
A dry evening and night with late sunny then long clear spells, although rather more cloud is expected in the west. With light winds a few mist patches are possible. Minimum temperature 10 deg C (50 deg F).

Friday:
A bright day with sunny spells. A little more cloud around than previous days but, especially in east, with light winds it will still feel very warm in the sunshine. Maximum temperature 25 deg C (77 deg F).

Outlook for Saturday to Monday:
Some warm or very warm sunny spells Saturday. Bright morning Sunday but becoming cloudier later with some patchy light rain. Cloudy start Monday but becoming brighter in afternoon.
